RG104 Entry 330
Box 42, Philadelphia Mint 1933

“Cashier’s Daily Statement of Receipts, Disbursements, and Balances”

Entry 330 is a detailed successor to the E-63, the “Cashier’s Daily Blotter” held by NARA at Philadelphia. It includes most, but not all, of the daily cashier’s reports from each Mint, Assay Office and Fort Knox from about 1892 through 1942. Copies not in E-330 might be found in E-229 (Letters Received) where they are mixed with other routine documents.

The “Cashier’s Daily Statement of Receipts, Disbursements, and Balances” is a summary of the assets, transfers and closing balance of each US Mint facility, for every working day. It includes all coin deliveries and transfers plus payments for deposits. Many reports have annotations about commemorative coins held for distribution, bullion bars and other details. These data are critical elements in corroborating data from other sources.
